Are you interested in doing the Inquiries work, but not sure where to start or how to proceed?

This participatory workshop is designed to support Recovery Dharma members in exploring the Inquiries as part of their recovery journey.

Here's what we'll be exploring in this workshop:

- Panel of Recovery Dharma Peers
- Writing on the Inquiries
- Sharing inquiry questions with the intention of diving deeper into our recovery, our practice and our sangha relationships.
- Small group discussions

Please note that this is not a meditation-focused event.
