Communications Report (Anna):

- Created a contact list with the idea of sharing it without success.
- Looking into a mailing list on our website but doesn't have full permissions currently.
- Looking into google groups.
- A bunch of website change ideas.
- Creating google groups for each committee, officers, meeting secretaries and so on. Wise friends committee will be our pilot.

Secretary Report (Ezra & Matt):

- Behind on minutes.

Unity Report (Robin):

- Starting a once-a-month hiking group which has been posted on the website. Every 4th Saturday at 2pm. Starting at the end of March. Looking for people to help lead hikes.
- Andrew is new to the area and willing to help with hikes.

Wise Friends Report (Michael):

- There are new people engaged in the committee.
- One thought was doing a workshop on group facilitation.
- Hoping to do one on mindful eating but haven't heard back from the person who would present.
- So many questions about finding a mentor. There was a lot of resistance initially of having any sort of hierarchy and it has created some difficulty with people finding mentors. Perhaps inquiry circles instead of mentors.

2024 Summit (Jeremy):

- Michael would like to do something eating disorder related.
- There are no reason why multiple meetings can't happen at the same time at night.
- Putting together the summit foot soldiers committee for in person planning and support. There has been a lot of interest.
